The Beehive Building, Beehive Ring Road,
Gatwick Airport, West Sussex, RH6 0PA

Dear Kevin,

COMPLETION OF 1 LEADENHALL

We received formal completion of the Project on 13th June 2025 and we write to express our thanks and indeed those of the entire Multiplex team for your and your organisation's support and commitment to the Project over the past few years.

We first became engaged on the development in 2017, and it is tremendous to look back at the journey we have all travelled since that time delivering this Project. Tennant fit-out is now well underway and the building will be occupied in the near future and is already tremendous addition to the City of London skyline.

Large complex projects such as this, require teamwork, collaboration, determination and resolve to be successful and I think all parties involved in the Project have demonstrated this very well.

Brookfield are quite rightly delighted with the quality of the building and the finished product which we have collectively produced. We are already working with Brookfield on further developments and we hope to be collaborating again with you on these in the future.

We would be grateful if you could pass on our thanks and appreciation to all your team members who worked on the Project.

Yours faithfully,

Andrew Ridley-Barker
Operations Director
Multiplex Construction Europe Ltd

Andrew Feighery
Project Director
